Mr. C. E. Jamieson,

531 Aylmer Street,

Peterborough.

Dear Mr. Jamieson:

I have talked to the Registrar about the request in your letter. He tells me that at present he does not see how it would be possible to grant the request, especially as this year owing to bringing back the examinations by practically three weeks it overcrowds the time that is already quite the busiest part of the year. If you have any other suggestion to make, I shall be glad to see what can be done with the Registrar about it.

Yours sincerely,

President.

My dear Doctor,

I thank you, sir, for your kindness. It seems I have been under a misapprehension. I thought that I could secure my 'ad eundem gradum' standing by writing on the nine Arts subjects mentioned on page one of the Miscellaneous Curricula. I had intended trying the 3rd yr. LL.B subjects this spring, the nine Arts subjects next year, and the 4th yr. LL.B the following year. The Registrar however informs me that I could not get the 'ad eundem' for two years, and could not try the 3rd yr LL.B before getting it.

I have no exalted opinion of my pass degree at Queen's, but I am greatly disappointed at not being able to take the law course.

In order not to lose my year's work, if possible, I have written to Manitoba University to see if they will allow me to write on the first yr. LL.B. as I have covered most of the subjects required.

I hope that sometime in the future I shall have the honour of taking a degree from Toronto. Owing to circumstances over which I had no control, I was prevented from doing this in the first instance.

If I am allowed to take the work in Manitoba I can get the LL.B. in 3 yrs. and the B.C.L. at Kings College in one year more. However, I must admit I am grievously disappointed in not being able to take the work at Toronto, although I realize that they must continue the high standard they have always maintained. It must of necessity be a little hard on ambitious fellows who have not had the required chances. Thanking you, sir, again, I am

Yours respectfully,

E. J. Jamieson

Dear Mr. Jamieson:

Mr. Brebner tells me that he has written to you with regard to the ad eundem, and that the terms laid down are two years of study one of which must be in attendance at the University of Toronto, after which, however, you would receive the degree of Master of Arts. Perhaps this degree you would find to be of value to you and worth your attempting.

With kind regards, I am,

Yours sincerely,

President.
